

## WELCOME TO OTOLARYNGOLOGY ASSOCIATES, P.C.

*We are a medical and surgical practice dedicated to providing expert health care to adults and children of the Washington Metropolitan Area with disorders of the ear, nose and throat and related areas of the head and neck.*

### OUR STAFF

An otolaryngologist is a doctor trained in the medical and surgical management of diseases and disorders of the ear, nose and throat. They are commonly referred to as ENT physicians. Our ENT physicians also treat disorders of the head and neck area and perform facial plastic and reconstructive surgery.

Our practice includes doctors selected from the foremost academic medical centers around the country. They are all board certified by the American Board of Otolaryngology. Many of our physicians have subspecialty training in areas such as pediatric otolaryngology, facial- plastic and reconstructive surgery, otology-neurotology, rhinology, otolaryngic allergy and laryngology.

Our medical practice is supported by nurse practitioners trained in otolaryngology. We also have a speech pathologist and an extensive team of audiologists trained to specifically address your hearing, speech and voice and swallowing concerns.

Our comprehensive level of understanding and expertise in the management and treatment of ENT disorders allows us to provide our patients the best possible care in the operating room and in the office.

MEET OUR DOCTORS

*Dr. Mark Rubinstein* holds dual board certification by the American Board of Otolaryngology and the American Board of Facial Plastic and Reconstructive Surgery. He is a graduate of Jefferson Medical College and trained in otolaryngology/head-and-neck surgery and facial plastic surgery at the University of Michigan. Dr. Rubinstein is a Fellow of the American College of Surgeons and of the American Academy of Facial Plastic and Reconstructive Surgery. He is a former Chief of Otolaryngology at Inova Fairfax Hospital and a past president of the Washington Metropolitan ENT Society. Dr. Rubinstein serves as a Clinical Assistant Professor of Otolaryngology at Georgetown University Hospital.

*Dr. Deborah Doyle* is a board-certified otolaryngologist/head-and-neck surgeon. She is a graduate of Tulane University School of Medicine, receiving her training in pediatric and adult otolaryngology/head-and-neck surgery and facial plastic surgery. She is certified by the American Board of Otolaryngology. She is a past president of the Washington Metropolitan ENT Society and a Fellow of the American College of Surgeons.

*Dr. Robert Bahadori* is a fellowship-trained pediatric otolaryngologist. He is a graduate of Cornell University Medical College and received his otolaryngology training at Washington University School of Medicine at Barnes Hospital in St. Louis. He completed his pediatric otolaryngology fellowship at St. Louis Children's Hospital, focusing on the treatment of neonates and infants. Dr. Bahadori has extensive experience in many aspects of pediatric otolaryngology. He is currently Clinical Assistant Professor of Otolaryngology at Georgetown University Hospital and Clinical Associate Professor at the University of Virginia. He is certified by the American Board of Otolaryngology.

*Dr. Bryan McKenzie* is a fellowship-trained otologist and neurotologist with particular expertise in the medical and surgical treatment of diseases of the ear and balance system. He is a graduate of the Johns Hopkins School of Medicine. He completed his internship, residency and fellowship at the Johns Hopkins Medical Institutions. He is certified by the American Board of Otolaryngology.

*Dr. Mark Soltany* is a native of Fairfax County. He is a graduate of Hampden-Sydney College and of Eastern Virginia Medical School. He received his otolaryngology/head-and-neck surgery training at Manhattan Eye, Ear and Throat Hospital and its affiliated hospitals in New York City. Dr. Soltany has a special interest in allergies of the ear, nose and throat. He is certified by the American Board of Otolaryngology and is a Fellow of the American Academy of Otolaryngology/Head-and-Neck Surgery.

*Dr. Patty Lee* is a fellowship-trained laryngologist, graduating from Stanford University and Washington University School of Medicine. She completed her otolaryngology training at Washington University School of Medicine at Barnes Hospital in St. Louis. Her fellowship training and research focused on voice disorders, laryngeal tumors, laryngeal and tracheal airway reconstruction, and swallow rehabilitation. She also has extensive experience in head and neck surgery, including thyroid and parathyroid diseases. Dr. Lee is certified by the American Board of Otolaryngology.

*Dr. Belinda Mantle* is a graduate of the University of Alabama at Birmingham School of Medicine, and is a recipient of the Governor's Award from the Alabama Society of Otolaryngology. She has trained in pediatric and adult otolaryngology and has completed a two-year pediatric otolaryngology fellowship at the Children's Hospital of Pittsburgh of the University of Pittsburgh Medical Center. Dr. Mantle is certified by the American Board of Otolaryngology. She is also a member of the American Academy of Pediatrics as well as other national professional organizations.

*Dr. James Batti* is a fellowship-trained pediatric otolaryngologist. He is a graduate of Albert Einstein College of Medicine and completed his Pediatric Otolaryngology fellowship at the Children's Hospital of Pittsburgh. Dr. Batti is certified by the American Board of Otolaryngology and is a Fellow of both the American College of Surgeons and the American Academy of Pediatrics. Dr. Batti has written many research articles and textbook chapters in the field of pediatric otolaryngology. Dr. Batti joins us from Connecticut where he was voted one of the leading pediatric otolaryngologists in the state.

*Nancy Burgett* is a Certified Family Nurse Practitioner. She has a Bachelor of Science in Nursing and Master of Science in Nursing from Georgetown University.

*Katherine Baylor* is a Certified Family Nurse Practitioner. She received her Bachelor of Science in Nursing from the University of Virginia and her Master of Science in Nursing from the University of North Carolina at Chapel Hill.

*Nancy M. McCarthy* is a Certified Pediatric Nurse Practitioner. She received her Bachelor of Science Degree in Nursing from Marymount University and her Master of Science Degree in Nursing from The Catholic University of America.

*Laura P. Verdun* is a licensed and certified Speech-Language Pathologist. She has a Bachelor of Science in Communication Disorders and a Master of Arts in Speech-Language Pathology from Saint Louis University. She completed her Clinical Fellowship with the Johns Hopkins University Department of Otolaryngology-Head & Neck Surgery.

OUR SERVICES

Our staff treats a wide variety of ear, nose and throat problems including: pediatric ENT disorders (most commonly ear infections and adenoid and tonsil ailments); sinusitis and allergies; hearing loss; balance disorders (including vertigo, dizziness and motion sickness); snoring and sleep apnea; tinnitus; hoarseness; acid reflux; voice and swallowing disorders; and head and neck tumors.

*Making Appointments.* You can schedule your appointment by calling (703) 573-7600 weekdays from 9am to 5pm. If you need a referral, please be sure to obtain one for office visits as well as tests and procedures. Lack of proper referrals may necessitate rescheduling your appointment. If you had any X-rays, CT scans or MRIs performed related to your problem, please be sure to bring them with you to your appointment. It is also beneficial to bring a list of medications that you take on a regular basis. If you need to cancel or reschedule your appointment, please be sure to provide 24-hours notice to the office in order to avoid a cancellation fee.

*Telephone Calls.* We are always available to discuss problems with our patients. If our staff is unable to answer your questions, your chart will be given to your doctor and his or her answer will be relayed to you. Calls from the doctors themselves are usually made after office hours. Our physicians are available during nights and weekends for emergency calls only. Please contact our office at (703) 573-7600 and follow the prompts for paging the physician on call.

*Prescriptions.* As a rule, we will not offer treatment without an examination. We ask that you remember to collect your prescription from our physician before you leave your appointment, otherwise an additional fee may be charged for your prescription. If you need a prescription refilled, please call during office hours and follow the telephone prompts.

OUR FEES

Payment of fees for medical and surgical care is the direct responsibility of the patient. Please be prepared to take care of your account at the time of service. We participate in most major health insurance plans and will file insurance claims on your behalf. Co-payments will be collected at the time of service. Please remember that insurance claims and benefits are matters involving you and your insurance carrier. Although we are happy to assist you in these matters, it is the patient's responsibility to understand the requirements of his or her insurance policy and to plan accordingly.

If we do not participate in your insurance plan, please be prepared to pay our charge at the time of service. We will provide you with an itemized receipt containing all the information necessary for you to file for reimbursement from your insurance company.
